

# SEEING THE DENTIST IS SAFE

## Dental Office Safety

- Face mask required
- Safe distancing
- Limited number of patients in waiting area
- Improved air ventilation
- Advanced cleaning protocols

## Patient Safety

- Screening questions
- Temperature checks
- Antibacterial mouth rinses
- Rapid COVID-19 testing in some offices
- Appointments are scheduled to allow for cleaning time between patients

## Dental Staff Safety

- Routine COVID-19 screening for staff
- COVID-19 vaccine available to staff
- Increased Personal Protective Equipment:
  - Goggles
  - Face shields
  - Gowns
